A Stimulating, Personalized Guide for the Modern Age

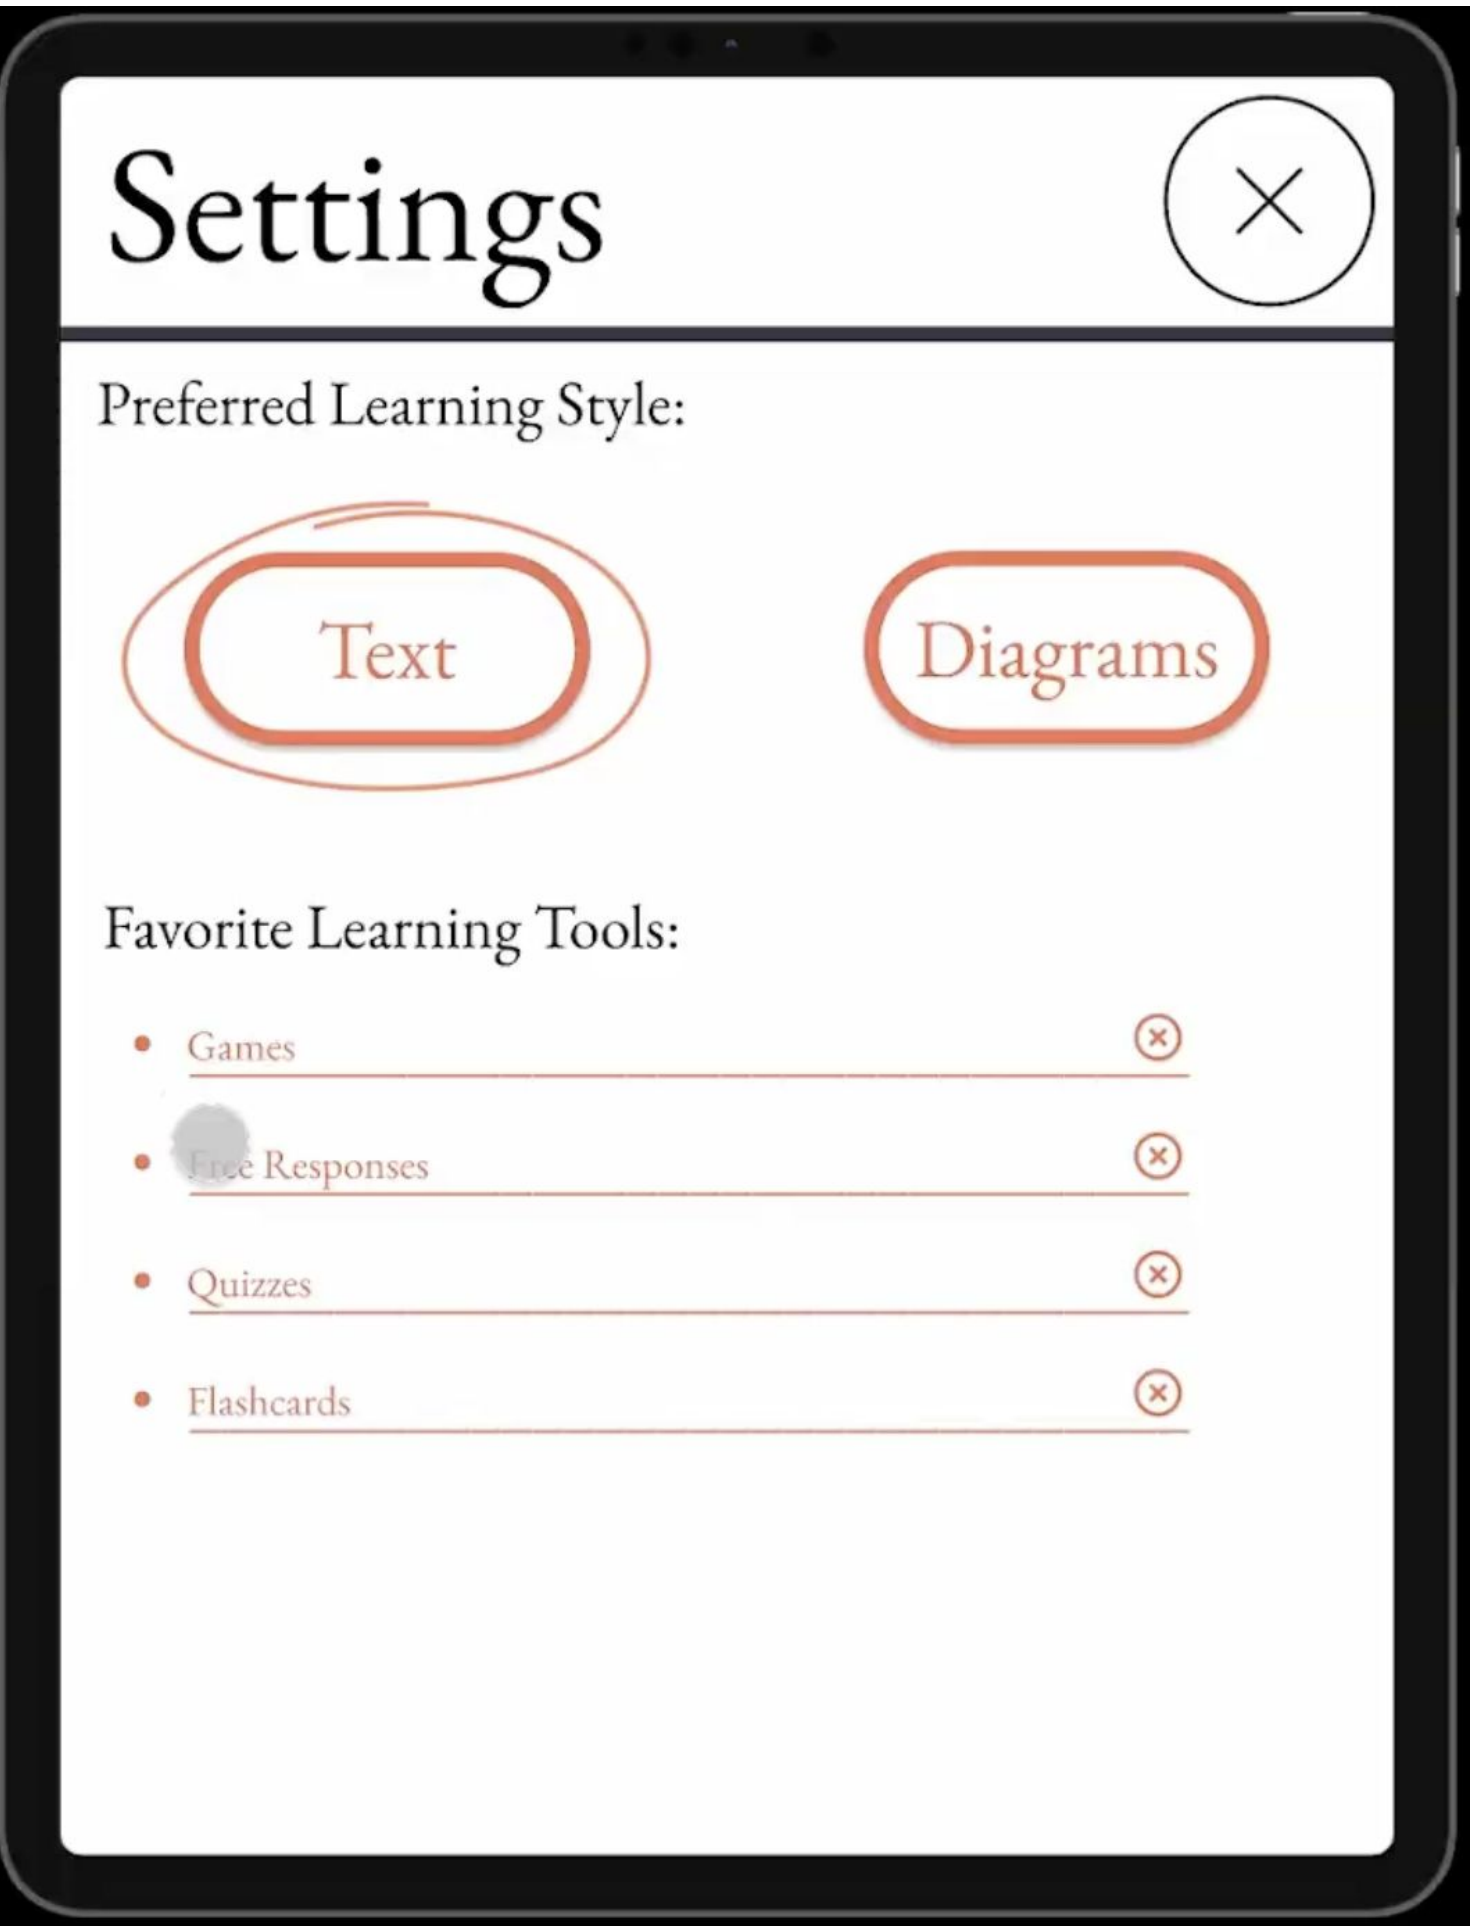

The Problem: Current AI Tutoring is just copying AI responses.

Our Solution: A neutral, adaptive AI textbook that feeds small, digestible hints and targeted follow-up questions to challenge the user more

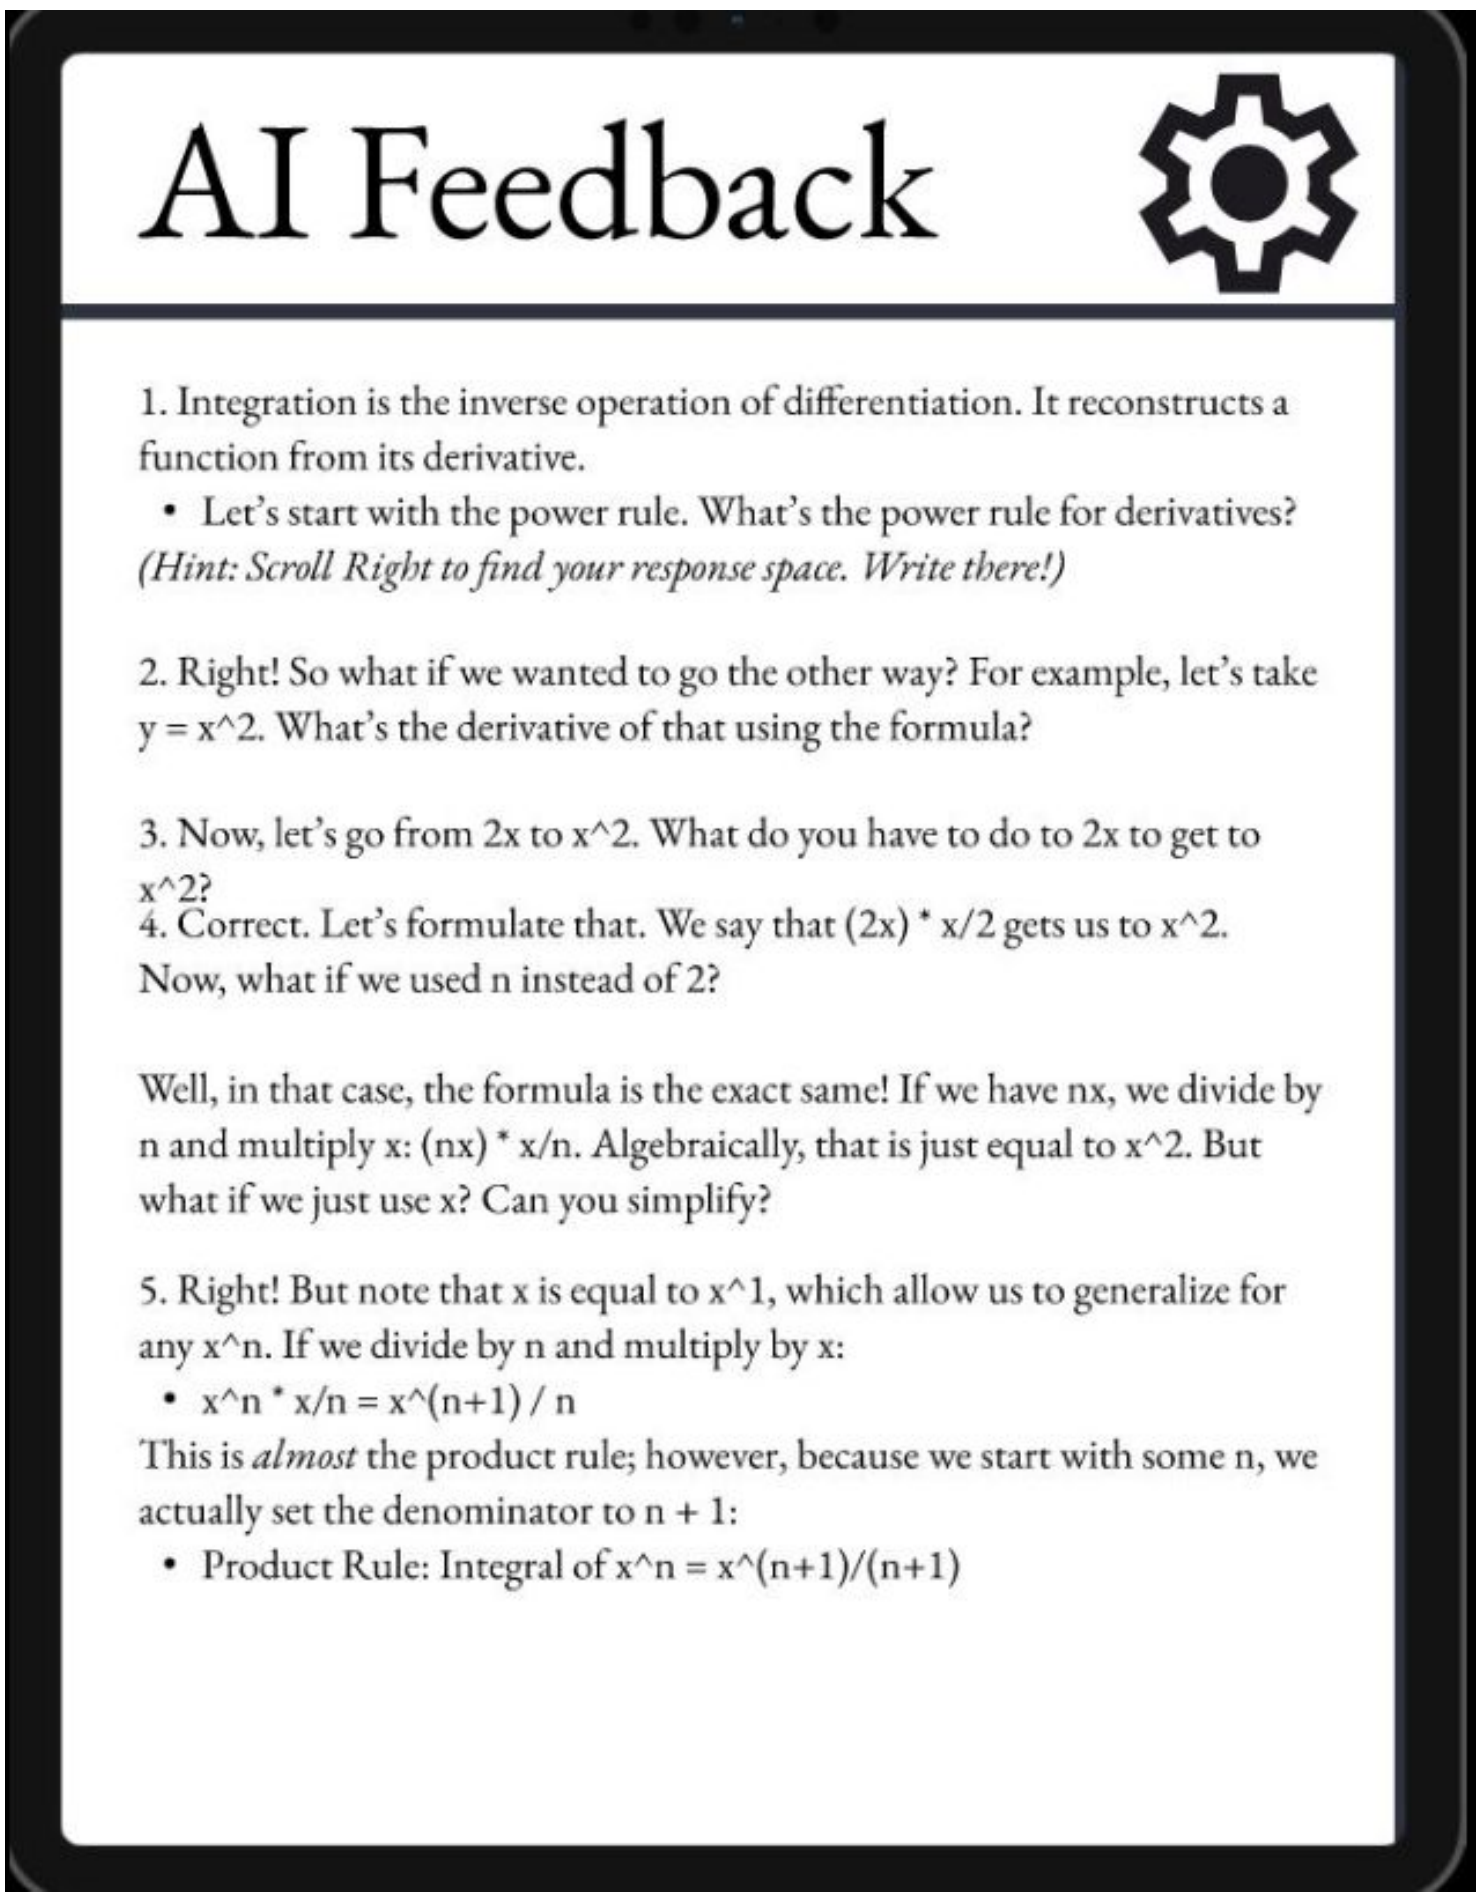

The Key Features

Start a Learning Session

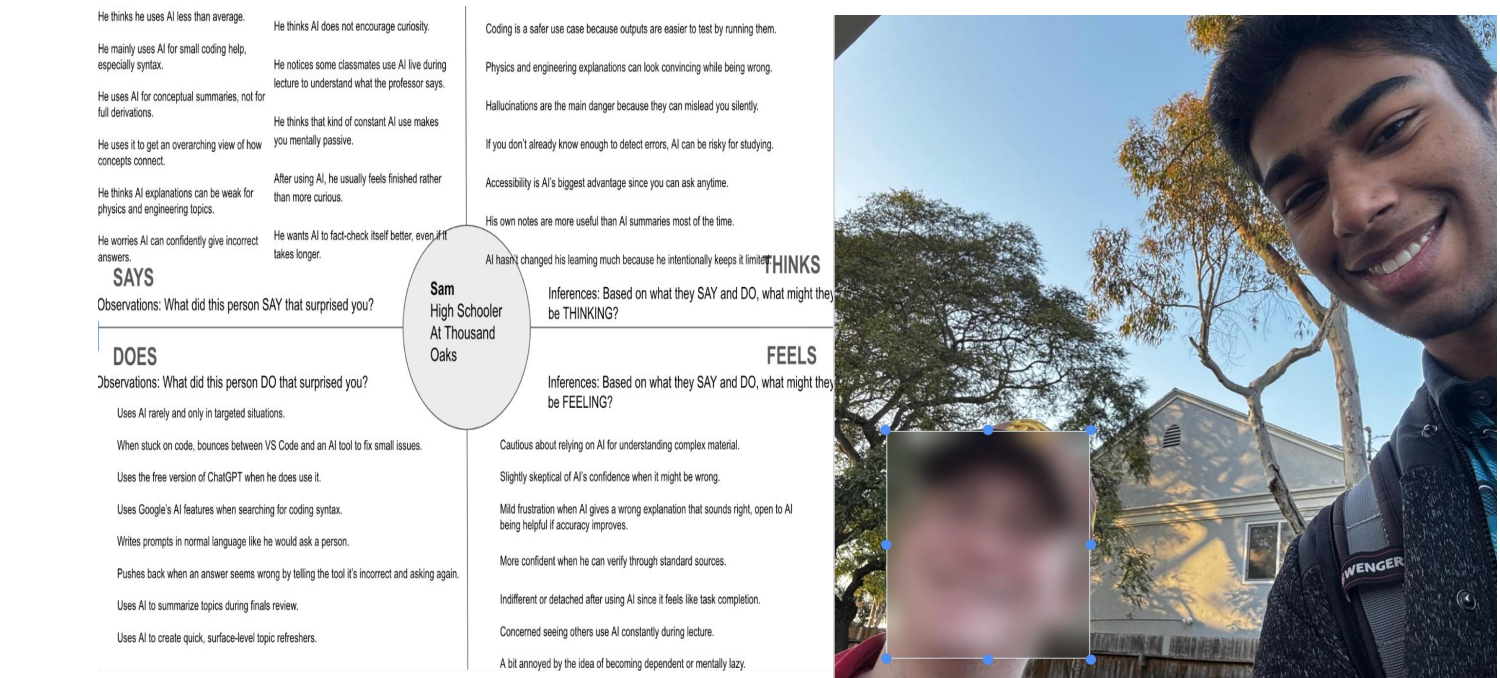

Personalize Learning

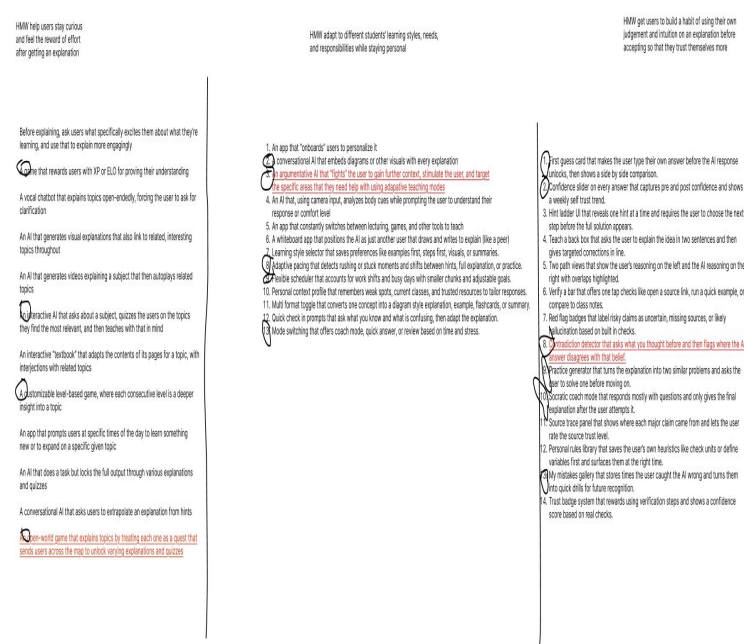

Engage in the Learning Loop with AI feedback

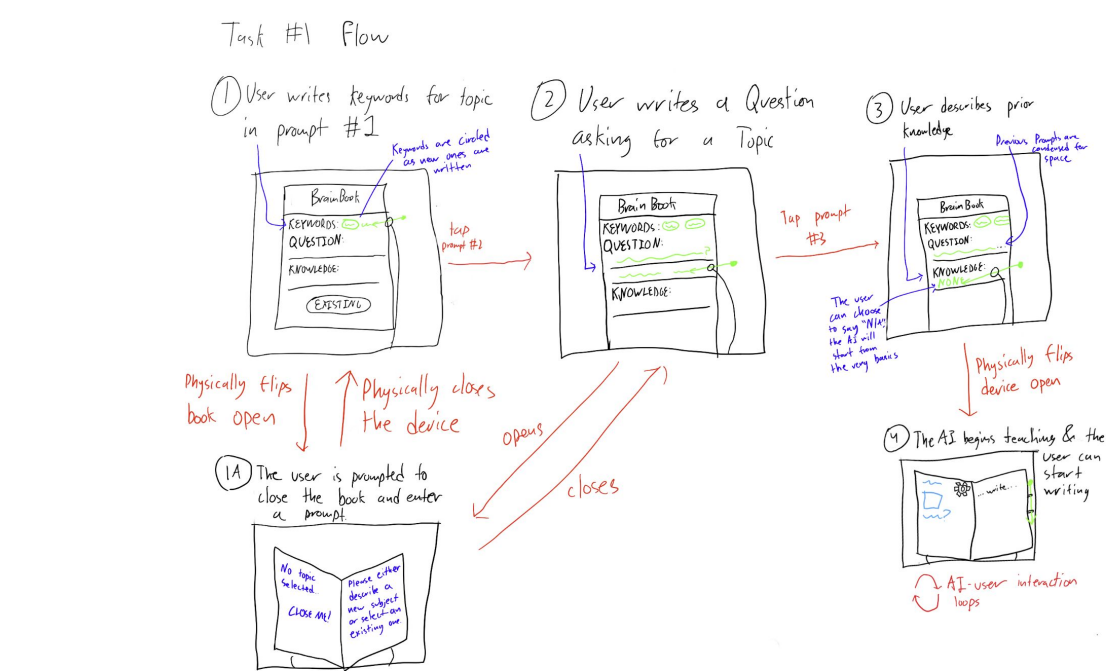

Our Design Process

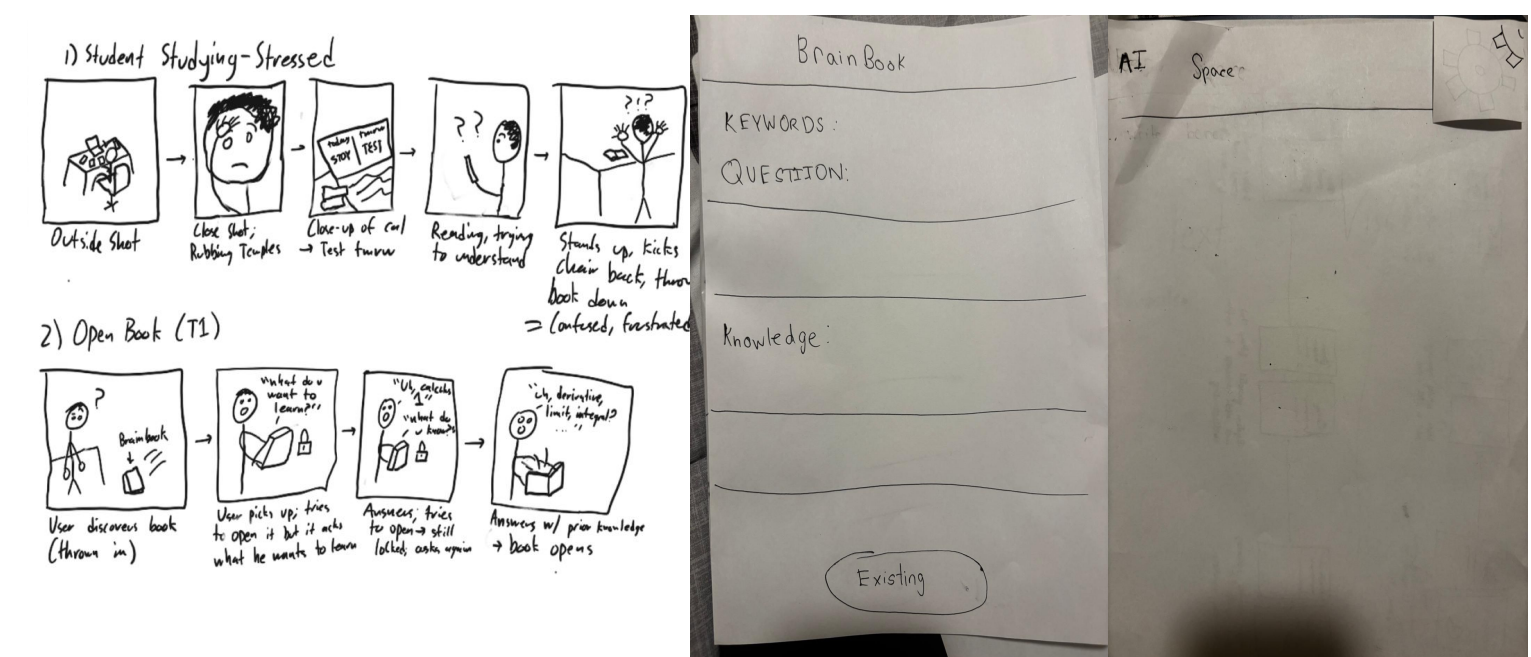

Needfinding

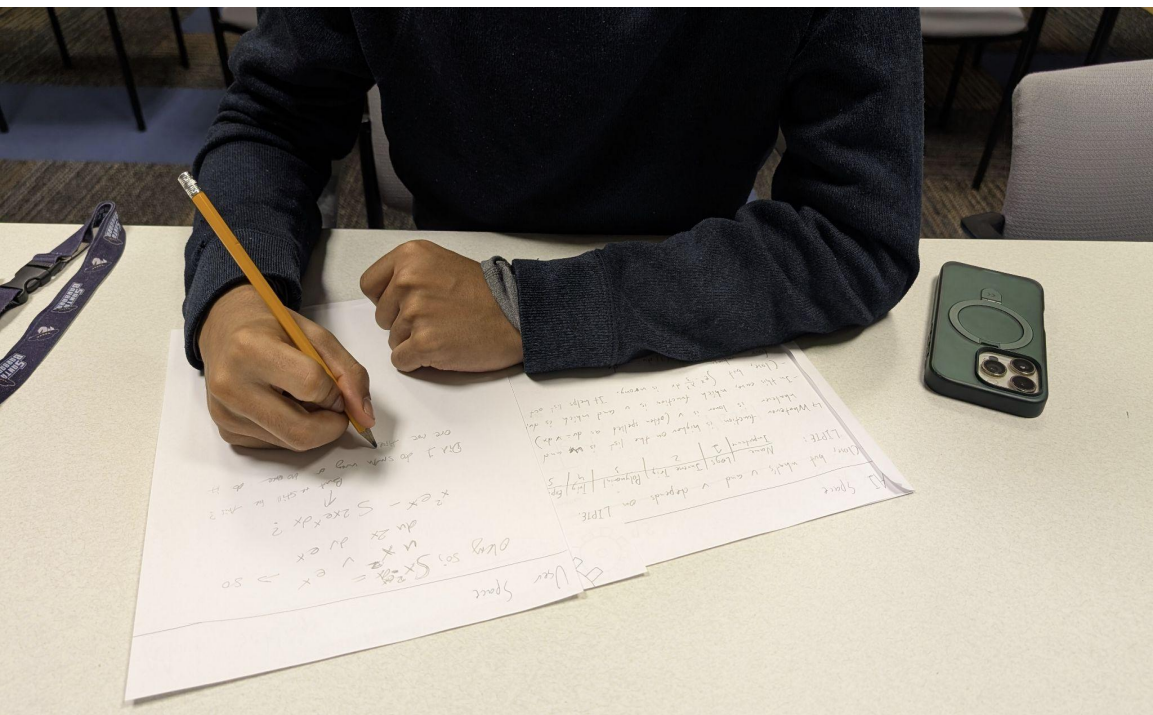

HMWs

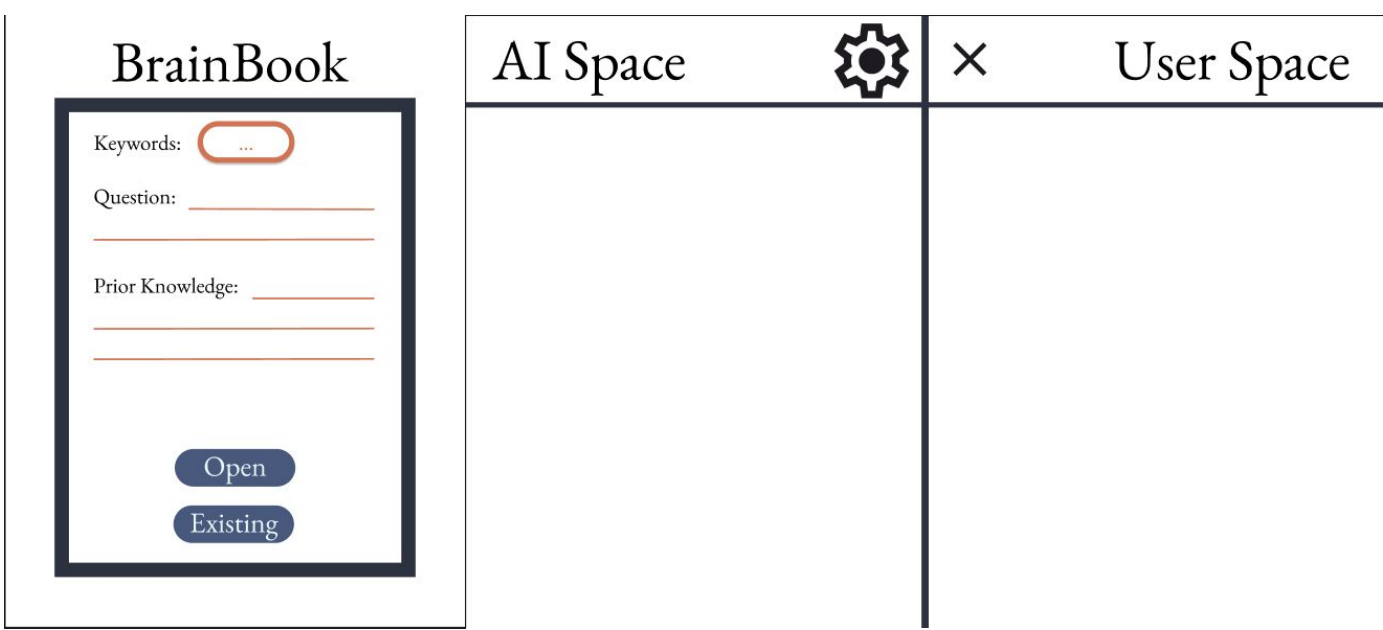

Task Flows

Low-fi Prototype

Low-Fi Testing

Med-fi Prototype
